

Gosford RSL Max Potential – A Successful Journey

Grace Shares her Gosford Max Potential Journey So Far.

Grace Fowler (Left) and Her Max Potential Coach Jan (Right) discussing the Journey Ahead.

Gosford RSL Max Potential to date has been one of the most successful and encouraging leadership journeys I have participated in to this date. It has challenged myself as individual, my thoughts and sense of self. It has encouraged my pursuit of success, my goals and my energy in attaining success. My great coach has supported me in every aspect of learning the 10 maximiser principles, focusing on my soft spots and completing the

creative expression. I can't wait to the 4th of August to feel such a great sense of accomplishment

and energy to step up to all the challenges that are my life both now and in the future.
